Computer Evaluation Sheet Instructions

Instructions on how to locate the information for each of the 10 questions listed on the Computer Evaluation Sheet. Remember to list your “values” on the front of the Computer Evaluation Sheet (where applicable). For example:

- What is the year of your city? Enter value such as 150.
- What is the size of the population of your city? Enter value such as 55,000.

Question 1: To find out what year your city is, look on the bottom horizontal tool bar. If your city is 150 or later, mark yes in the column. Write the year in the values column.

Question 2: To find out the total population of your city, look on the bottom horizontal tool bar in the “Mayor Mode”. If your total population is 50,000 or above, mark yes in the column. Write the population in the values column.

Question 3: In “Mayor Mode” Click “Budget Panel” tool and select “Monthly Income”. Click “Take Out A Loan” to view any existing loans. If there are no loans mark yes in the column.

Question 4: In “Mayor Mode” click “Budget Panel” tool and select “Monthly Income”. Click “Taxes” to view residential, commercial, and industrial tax rates. If the residential, commercial and industrial tax rates are 8% or lower, mark yes in the column. Write the max tax rates for each in the values column.

Question 5: Click “Graphs” and select “Life Expectancy” and read the corresponding number. If you see a Health number 62 or higher, mark yes in the column. Write the number in the values column.

Question 6: Click “Graphs” and select “Education” and read the corresponding number. If you see an Education number 100 or higher, mark yes in the column. Write the number in the values column.

Question 7: Click “Mayor Mode to view “City Opinion Polls” on the horizontal toolbar to view results. If at least 4 polls are “Green” then your Sims are happy with the Mayor’s performance. Mark yes in the column.

Question 8: Click on the transportation advisor and see if he is reporting “no traffic problems”. If there are “no traffic problems”, mark yes in the column.

Question 9: Click Data Views, then select “Air Pollution”. If city is 75% “Yellow or Clear” then pollution is under control. Mark yes in the column.

Question 10: View City for roads, highways and railways to see if there are at least 2 connections to neighboring cities. If there are at least 2 connections mark yes in the column.
